That each of us will be life long learners

KINDERGARTEN REGISTRATION 2020

The Red River Valley Schools are now accepting registrations for children turning five, on or before December 31, 2020.

Information meetings will be held in the Division's elementary schools throughout the next few months. These information meetings allow parents an opportunity to see the kindergarten facility and to learn more about the purposes, goals and activities in each kindergarten program. All parents are encouraged to attend.

Please contact the school in your area to register your child and inquire about the date of the information meeting. *Please note that a Birth Certificate is required for registration.*
