

Red River Valley School Division
ADMINISTRATIVE PROCEDURE E18 -
EXCELLENCE IN PROFESSIONAL PRACTICE

The Red River Valley School Division Board of Trustees supports and encourages the professional growth of its teaching staff.

Professional Growth is a necessary and ongoing process that promotes teacher growth. Teachers are encouraged to make decisions regarding their own professional and personal development. Stage placement and monitoring progress allows for an individual's unique needs to be met.

Both administrators and teachers will follow the procedures, guidelines and evaluative measures found in the Red River Valley School Division Excellence in Professional Practice manual.

The Superintendent & CEO will monitor all recommendations for stage placement.

See the Red River Valley School Division Excellence in Professional Practice manual.
