

The Red River Valley School Division Board of Trustees believes in the importance of supporting student educational initiatives.

Partners in Education Scholarship

Upon receipt of the Partners in Education Scholarship, the school division will process payment matching Red River Community College's maximum contribution.

Encounters with Canada

Upon receipt of a student's written requests for financial support, the division will contribute a maximum of \$750.00. If, for any reason, the student cannot attend, the funds will be returned to the school division.

Mini-University Courses

Requests for Mini-University Courses will be directed to the Student Services Department. The following high schools in the Division (Morris School, Rosenort School and Institut Collégial St. Pierre) will have two (2) funded spaces per school, per school year. Sanford Collegiate will have three (3) funded spaces per school year. Any funded spaces not used by a school in a given year may be used by the other high schools. If all funded spots have been used, additional spaces for Mini-University Courses must be paid for by the individual school.

Other education requests for donations

Upon receipt of written requests for donations, the Superintendent & CEO may approve to a maximum of \$250.00.

Upon Superintendent & CEO approval, the Finance Department will issue a cheque for the approved amount to the person or persons requesting the financial support.
