From: Brad Curtis, Superintendent & CEO
Re: COVID-19 UPDATE #13

All resources and further updates for the RRVSD Community will be posted on our website: www.rrvsd.ca

We want to take this opportunity to acknowledge our parents and guardians for the support you have provided over the past three months in helping to facilitate your child's remote learning.

As a division, we recognize that everyone's circumstances were unique and different throughout each household. We also understand that individual household circumstances impacted the level of participation. As a result, student participation levels in remote learning varied. We continue to be amazed at the amount of rich learning experiences that children were engaged in and genuinely appreciate all of your efforts during this time.

With the end of June rapidly approaching, teachers are beginning to prepare final assessments and report cards. This June, you may see that report cards have comments regarding participation in remote learning and/or recovery learning requirements. First and foremost, we want you to know that this is not a reflection of the work and effort your family has put in over the last three months. The Province has released guidelines around reporting, which require our teachers to report on these two areas.

If you have questions in regards to programming and/or your children's report cards, please continue to reach out to your child's teacher or the school.

On behalf of the entire staff of RRVSD, we would like to again extend our deepest gratitude for your cooperation and understanding during this time. We would like to wish you and your families a wonderful and well deserved summer break. We look forward to seeing you all in the fall.

We will continue to provide updates as we receive information from the government regarding the 2020-21 school year. Please continue to check the RRVSD website.
